PROFILE

Self-taught frontend developer with hands-on experience designing, building and deploying responsive production websites for local businesses, a school catering company and community projects. Skilled in React, Next.js, TypeScript, JavaScript and Tailwind CSS, with experience taking projects from initial concept through testing and live deployment.

Combines practical frontend development skills with more than a decade of business ownership, client communication and problem-solving experience.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, HTML5, CSS3 and Tailwind CSS	UI and Quality: Responsive design, reusable components, accessibility, debugging and basic SEO
Deployment: Git, GitHub, Vercel, Web3Forms, REST APIs and environment variables	Tools: Visual Studio Code and browser developer tools

SELECTED PROJECTS

Playground Pantry - School Catering Website

[Next.js](#), [React](#), [TypeScript](#), [Tailwind CSS](#) and [Vercel](#) | playground-pantry.com

- Designed, developed and launched a responsive website for a school catering company serving Leedon Lower School.
- Built branded sections for rotating menus, calendar information, team profiles and customer enquiries.
- Integrated the contact form and managed environment variables, deployment settings, production troubleshooting and responsive optimisation.

Sightline Windows - Local Business Website

[HTML](#), [CSS](#) and [JavaScript](#) | sightlinewindows.co.uk

- Designed, developed and launched a responsive website with clear service information, navigation and customer contact options.
- Focused on mobile usability, accessibility and basic search-engine optimisation.

Exercise Rehabilitation Platform

[Next.js](#) and [Tailwind CSS](#) | pens-rehab-exercises.vercel.app

- Developed a responsive exercise resource with embedded videos and illustrated rehabilitation guidance.
- Organised the content into a clear, accessible interface for physiotherapy clients across different screen sizes.

Cape Verde Charity Website

[React](#) and [Custom CSS](#) | mycapeverde.org

- Developed and launched a responsive website supporting a community charity initiative.
- Used accessible navigation and responsive visual storytelling to communicate the charity's purpose.

PROFESSIONAL EXPERIENCE

Self-Employed Personal Trainer | 2016-Present

- Operate a client-focused business, managing enquiries, scheduling, programme delivery and long-term customer relationships.
- Review client progress data, adapt training programmes and manage day-to-day business administration independently.

Owner, The Pit Gym | 2014-2016

- Founded and managed an independent gym, overseeing operations, finances, client retention and team leadership.
- Developed strong commercial, organisational and customer-service skills.

Earlier Employment | 1996-2014: Personal training, delivery driving, installation engineering and machine operation, developing reliability, practical problem-solving and customer-facing experience.

PROFESSIONAL DEVELOPMENT

Google Data Analytics Professional Certificate - Coursera: Currently in progress.

Independent Frontend Development: Ongoing study in React, Next.js, TypeScript, responsive web design, accessibility and production deployment.
